To whom it may concern,

We acknowledge the contribution of **Ms Rebecca Crouch** to our health project in Mali, By donating a Mobile Clinic to the Ministry of Health of Mali, Ms Crouch provides a vital resource in improving the access of health services to isolated rural communities.

The partners involved in this initiative are the **Ministry of Health of Mali**, the manufacturer of the mobile clinics, '**RangerCycle**' of **South Africa**, and **Logistics For Health**.

Ms. Crouch is also instrumental in enrolling the valuable support of **UNICEF Mali** to this innovative project.

Sincerely,

Lionel Pierre - Operations Manager.

Rebecca Crouch

The above mentioned is a third year undergraduate at this University who has gap-year knowledge of the medical problems facing the people of Mali.

She now has the opportunity of purchasing a Ranger Mobile Clinic to provide vaccines and healthcare within a UNICEF programme.

She intends to leave for this mission of mercy on arrival of the clinic in Mali and I have no hesitation in recommending this as a genuine 'good cause' to which the Rector's Charitable Fund has contributed.
